

Organism QUANT Mean Decrease Accuracy pval = 0.05

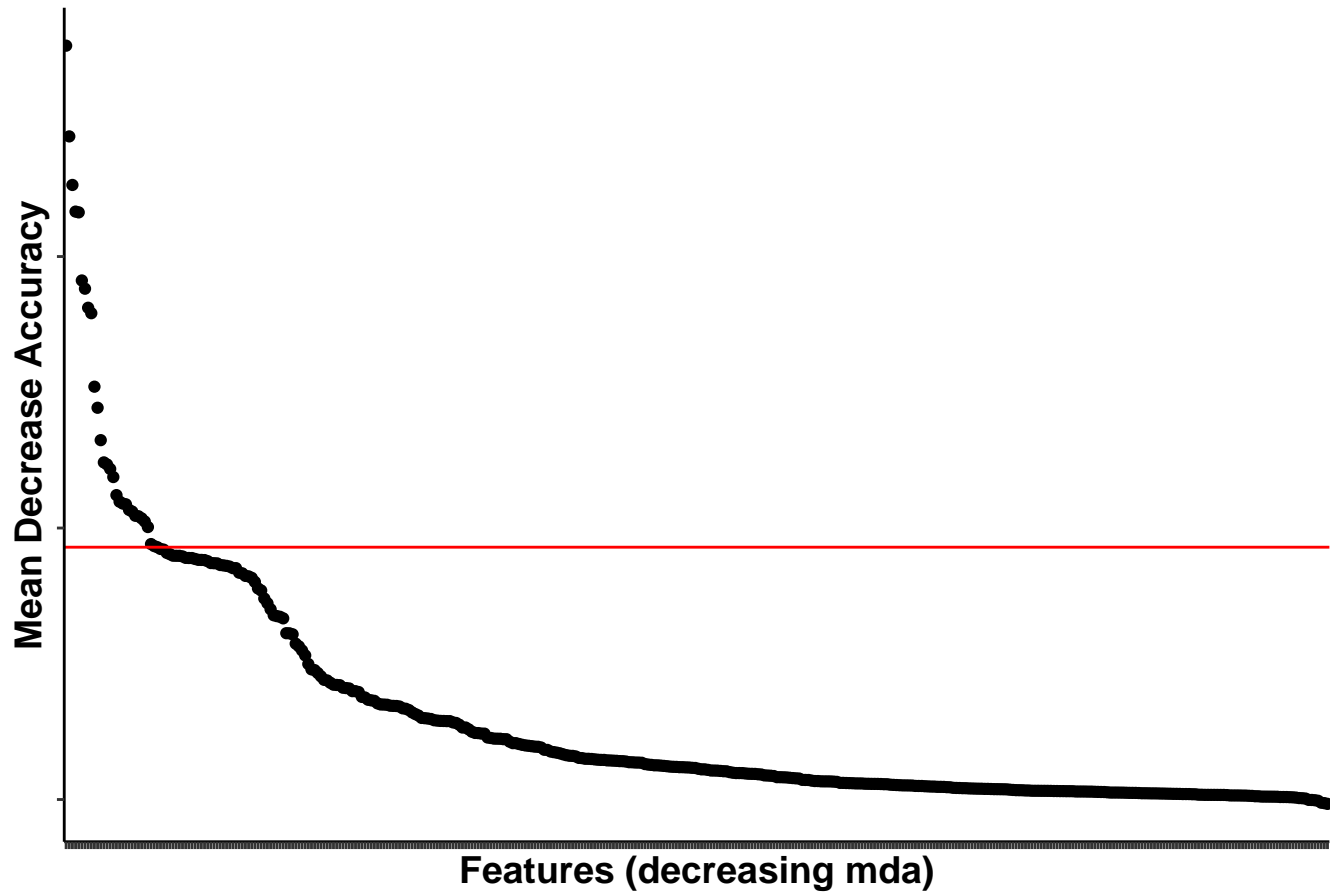

The graph displays a decreasing trend. The x-axis is labeled 'Features (decreasing mda)'. A horizontal red line is positioned at a specific y-value, likely representing a baseline or a threshold. The curve starts above this line and drops below it as the x-value increases.

OTU Mean Decrease Accuracy pval = 0.05

Organism Matrix Mean Decrease Accuracy pval = 0.05

FilUnfil Matrix Mean Decrease Accuracy pval = 0.05
